

How to convert your foreign GPA to Danish weighted GPA?

In order to be able to evaluate correctly your grades, we would like to ask you to convert your GPA to the Danish GPA weighted system. Please go to the *GPA Calculator* sheet and fill in the form. You should write **your country of origin, the name of the university and the title and length of your degree.**

Please specify also what is **the minimum passing grade** and **the highest possible grade** at your university in **yellow cells** as below.

	A	B	C	D	E
1	Converting your foreign GPA to a Danish GPA				
2					
3	Country	China			
4	Name of University	Hebei Normal University			
5	Name of degree (e.g. BSc in Engineering)	BSc in Geographical Information Science			
6	Lentgh of degree (years)	4			4
7	Please insert the highest possible grade on the grading scale	4			4
8	Please insert the minimum passing grade on the grading scale	1			1
9	Danish weighted Grade Point Average (GPA)				291,6179775
10	Name of courses	Credits	Grade	Credits x grade	
11	College Physical Education One	1	95	95	
12	Geographical Thoughts History	2	95	190	

Please list **ALL your courses** and **specify grades** and **number of credits**. The Danish weighted Grade Point Average (GPA) will appear automatically.

Please insert the highest possible grade on the grading scale				5
Please insert the minimum passing grade on the grading scale				3
Danish weighted Grade Point Average (GPA)				6,44444444
Name of courses	Credits	Grade	Credits x grade	
Mathematics	10	3,5	35	
Automation	5	4	20	
Chemistry	3	5	15	
Course 4			0	
Course 5			0	

If you do not have credits at your university, please fill in **number of credit for each subject with 1.**

6	Lentgh of degree (years)				
7	Please insert the highest possible grade on the grading scale				5
8	Please insert the minimum passing grade on the grading scale				3
9	Danish weighted Grade Point Average (GPA)				7,83333333
10	Name of courses	Credits	Grade	Credits x grade	
11	Mathematics	1	3,5	3,5	
12	Automation	1	4	4	
13	Chemistry	1	5	5	
14	Course 4			0	

If you have **non-graded courses**, please list them under the table at the very bottom as indicated below.

106	Course 96				0
107	Course 97				0
108	Course 98				0
109	Course 99				0
110	Course 100				0
111	Total	0			0
112					
113	Danish weighted Grade Point Average (GPA)				0,00
114					
115	Automation	3	PASS		
116	Mathematics	5	PASS		
117					
118					

Before uploading you should check if all courses are listed correctly and if GPA is calculated correctly. **Maximum Danish GPA cannot be higher than 12.**

6	Lentgh of degree (years)	4			4
7	Please insert the highest possible grade on the grading scale	4			4
8	Please insert the minimum passing grade on the grading scale	1			1
9	Danish weighted Grade Point Average (GPA)				291,6179775
10	Name of courses	Credits	Grade	Credits x grade	

The **number of credits** can be checked at the bottom of document.

108	Course 98			0
109	Course 99			0
110	Course 100			0
111	Total	210		945
112				
113	Danish weighted Grade Point Average (GPA)			9,50
114				

Please upload the filled Excel file into your online application in the field ***Supporting documents*** together with other required documents. For more information please refer also to the Application Guide on the DTU website.

In the application system you should write only GPA in **Danish scale**.
