

## **Bioactive compounds in natural substances: what's in it for the pharmaceutical industry?**

**Workshop April 14<sup>th</sup>, 2008**

**Industriens Hus**

**H.C. Andersens Boulevard 18, 1787 Copenhagen**

- 09:00 - 09:30     **Arrival and coffee**
- 09:30 - 09:35     **Welcome**  
Anna Haldrup, Head of department of Plant Biology, LIFE KU
- 09:35 - 09:45     **Introduction**  
Professor, Dr. Sci. Birger Lindberg Møller. LIFE KU
- 09:45 - 10:15     **Possibilities for research financing, nationally and internationally**  
By Jan Andersen, LIFE KU and Thomas Bjerre, Højteknologifonden
- 10:15 - 12:00     **Presentation of the research area " Bioactive compounds in natural substances" and examples of areas of research suitable for collaboration**
1.     Screening for bioactive compounds and bioactive mechanisms using spectroscopy and chemometrics by Søren Balling Engelsen, LIFE KU
  2.     Pumps as drug targets by Michael Palmgren, LIFE KU
  3.     Healthy biopolymers by Yumiko Sakuragi, LIFE KU
  4.     Plants and diabetes by Lars Porskjær Christensen, Faculty of Agricultural Sciences, AU
  5.     Cancerpreventive compounds from plants by Søren Brøgger Christensen, PHARMA, KU, Henrik Toft Simonsen, LIFE, KU and Barbara Halkier, LIFE, KU
  6.     Cultivation experiments to enhance bioactive compounds in plants  
By Kai Grevsen, Faculty of Agricultural Sciences, AU
  7.     Polyphenols and flavonoïder by Niels Bohrs visiting professor, Cathie Martin, John Innes Center, UK and LIFE KU
  8.     Prebiotics - beyond fructooligosaccharides by Anne Meyer, DTU Chemical Engineering

The eight presentations form the groups which the companies have the opportunity to meet after lunch.

In addition, Jan Andersen will have a group meeting regarding EU-project.

## **Bioactive compounds in natural substances: what's in it for the pharmaceutical industry?**

**Workshop April 14<sup>th</sup>, 2008  
Industriens Hus  
H.C. Andersens Boulevard 18, 1787 Copenhagen**

**12:00 - 12:15 Information regarding booking for group meetings**  
By Anna Haldrup, LIFE KU

Before lunch, each company is asked to fill out a note indicating which groups/persons they would like to meet during the afternoon for approx. 15-20 minutes.

**12:15 - 13:00 Lunch**

**13:00 - 16:00 Group meetings**
