

Sådan køber du din iRobot

Åbn på Internettet adressen www.acroname.com

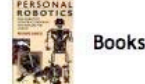

The screenshot shows the Acroname Robotics website interface. At the top, there is a navigation bar with the following items: "Igang med Firefox", "Seneste nyheder", "Tess", "PCB", "Nyheder", "SPIR/UFO m.m", "Software m.m.", "Gadgets", "Gadget Group", "Videoer", and "Elektronik m.m.". The main header features the Acroname Robotics logo on the left, the text "High Torque Full Turn Servo New Product" on the right, and a search bar labeled "find:". Below the header is a horizontal menu with the following items: "Contact", "Technologies", "Downloads", "Mission", "Products", "News", and "Support". The main content area is divided into two columns. The left column is titled "Learn" and contains the sub-header "About Acroname Technologies" above a photograph of several small red and white robots. Below the photo are three product categories: "BrainStem" (with a small icon), "Garcia" (with a small icon), and "PPRK" (with a small icon). A link "More Technologies..." is located at the bottom of this column. The right column is titled "Buy" and contains the sub-header "Acroname Robotics Products" above a photograph of a circuit board. Below the photo are three product categories: "Robotics Control Systems" (with a small icon), "Connectivity Options" (with a small icon), and "High-Current Drivers" (with a small icon). A link "More Products..." is located at the bottom of this column. At the bottom of the page, there is a footer with contact information: "voice: 720-564-0373, email: sales@acroname.com, address: 4822 Sterling Dr., Boulder CO, 80301-2350, [privacy](#)" and "© Copyright 1994-2007 Acroname, Inc., Boulder, Colorado. All rights reserved."

Shipping Option Research

International shipping to Denmark requires some research on our part to find the most economical options. If you proceed by clicking the button below, we will research the options and contact you via email at "robert@robot.dk" when we have completed the research. We typically turn these research requests around in one business day but keep in mind any time difference between your location and ours.

When you get your email with the options listed, you will then be able to make your choice and continue processing your order.

Subject: Your Acroname Order Shipping Options

Dear P

Your shipping options have been successfully researched.

You may now continue your order and select a shipping option using the following link:

<https://www.easierrobotics.com/cgi-bin/order.cgi?ID=ZKHA8AHTHFHUHUPHRRKIKZ7F7YRC>

Sincerely,

The Acroname Team

Acroname Inc. Easier Robotics for over 14 years.

Your login information for settings, profile, and orders:

First Name: P

Last Name: K.

email: k@experimentarium.dk

Når du har modtaget e-mail skal du aktivere linket.

Så dukker der en side op, hvor du skal betale med kreditkort.

Når betalingen er bekræftet kommer der en oversigtsside over dit køb. Den oversigtsside bliver herefter løbende opdateret, så du kan se, hvad der sker med din vare. Varen er undervejs en uge. Der vil dukke et krav om told og moms op fra UPS, som leverer varen (ca. 30 % oveni de dollars, du har betalt).

OBS: Den adapter, der følger med varen, er desværre kun kompatibel op til 120 V.

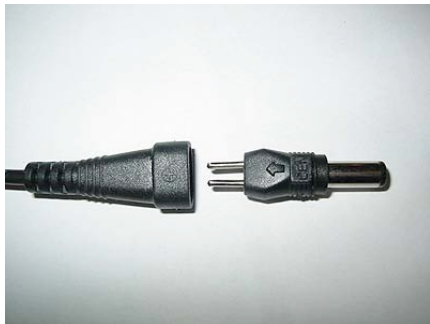

Så vi anbefaler at du henvender dig til os på Experimentarium poulk@experimentarium.dk og køber en strømforsyning af os for 250 kr. inkl. forsendelse.

Den hedder Nordic Power model 0055

Når strømforsyningen modtages, er der en lille pose med spændingsindsatser. Vælg 22 V og sæt den ind som billedet viser.

Hvis du skifter stikket, vær opmærksom på polariteten. Pilen / CEN skal være på samme side som + tegnet.
