

Exemption form the 10-year rule

This template is to be used, if you wish to apply for an exemption from the DTU rule, which states that in order to be eligible for applying for admission to one of the university's MSc. Engineering programmes, your undergraduate degree must be less that 10 years old.

1. I have kept my skills and knowledge up-to-date through my work (describe how):

2. I have kept my skills and knowledge up-to-date through additional course work or other education, after completing my undergraduate studies (describe how):

3. Other relevant information, if any.
